- b) Court rotation is important to preserve the condition of court 1. Please play on courts 2 & 3 wherever possible.
- c) Items such as chairs, tables & glass must not be taken onto the playing surface
- d) The last players on court must ensure that the court nets are lowered at the end of each playing session.

### 2. Health and Safety

- a) The Management Committee makes every effort to maintain the Club Premises and Courts in good repair and safe for use. Please report any problems you come across by putting details on the Defect Report sheet, which you will find in the Diary binder in the club house, straight away. Playing conditions vary from day to day. If you find that the courts are slippery for any reason, please don't take a chance – don't play.
- b) ALL Accidents & Injuries on the tennis club premises should immediately be dealt with as far as is practicable by those involved & present at the time. The incident should be recorded in the Accident Record Log found in the club house. A basic first aid kit is also available. All serious injuries or incidents MUST be reported to the club Chairman or Committee members.
- c) Simultaneous playing of tennis and cricket should be possible as high protection fencing has been installed. However, players should remain vigilant. It cannot be guaranteed that every cricket ball will be stopped, but the high fencing reduces the risk to as low as reasonably practicable. This decision is the responsibility of each individual tennis member and the club cannot assume any liability for personal injury.

### 3. Junior Tennis

- c) Junior members shall have one court for their use at all times except when the courts are being used for matches, designated club nights, coaching sessions, junior Club evenings or club matches. For details of these please see the information on the notice boards in the clubhouse OR through email notifications.
- d) When all the courts are in use and other members are waiting to play, those playing should complete the set they are playing as a "short set" or play on for half an hour, whichever is the shorter, before vacating the court.

- e) For the avoidance of doubt rule 3 c) shall have priority over this rule 3 d), and the precedence given to junior members by that rule over all other classes of member shall stand even when all the courts are in use.

If deemed serious, the complainer will be asked to submit the complaint in writing to the Club Chairman & the matter will be discussed at a subsequent committee meeting. A written response will be provided after the matter has been fully discussed.

### 6. Membership

- a) The tennis committee has the authority to suspend or remove membership from any individual found to be in breach of accepted standards of behaviour whilst on club premises or on club functions off-site. This action would only be taken after full consideration of the circumstances by the tennis committee as per the above complaints procedure.
